B&O
PLAY

BEOPLAY M3

Compact and powerful wireless speaker with Bang & Olufsen Signature Sound, Beoplay M3 is the perfect addition to B&O PLAY's connected audio speakers. It can connect seamlessly with Beoplay A9, A6 and M5 in a multiroom setup or function as a standalone or with any Chromecast built-in or Airplay speaker.

The shape of Beoplay M3 is based on a simple silhouette to give it a clean expression and the overall design is all about character, a character that can easily switch identity by simply adding a different cover – exchangeable aluminium or Kvadrat wool fabric covers allow Beoplay M3 to fit into different interior styles. Clean and elegant, Beoplay M3 is confident in its simplicity.

KEY POINTS

- Powerful Bang & Olufsen Signature Sound
- Expressive minimalism with exchangeable front covers
- Crafted materials selected to enhance acoustics
- Connected audio capability for total flexibility
- Use Beoplay App for customization of features
