

VIVID audio®

KAYA 90

Our top-of-the-range KAYA 90 delivers an effortless, powerful and focused sound that connects you directly and intimately with the music.

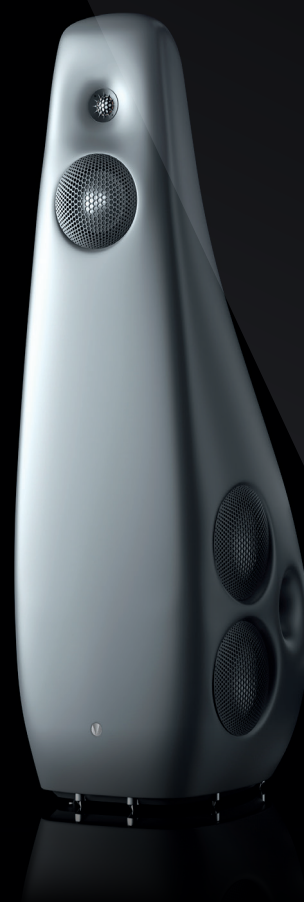

KAYA 90

THE HEIGHT OF SOPHISITICATION

Like all the KAYA series, the KAYA 90 shares its DNA with our GIYA loudspeakers. That family connection is immediately evident visually in the KAYA 90's smoothly curved contours. But it's your ears that will truly confirm their common ancestry. The KAYA 90 is so called because it has an internal volume of 90 litres. That, combined with its four reaction-cancelling drivers and patented Tapered Tube loading – the same technology we pioneered with GIYA - gives the KAYA 90 its astonishing clarity and articulation in the bass.

Specification

Configuration	3-way, 6 driver
Cabinet material	Glass reinforced balsa cored sandwich composite
Cabinet colour	Piano Black, Lexus Pearl White, Oyster Grey Matte
Bespoke cabinet colour	Any PPG automotive colour available on request
Drive units	HF: D26 – 26 mm Tapered Tube loaded alloy dome MF: C100se – 100 mm Tapered Tube loaded alloy dome LF: C125L – 4 x 125 mm alloy cone units
